Guardian A10 is next generation an intelligent stand alone monitoring device to help and assure independent living and personal security for elderly people, people with physical & mental disabilities and people who are living alone. **Guardian A10** can support up to 3 pendant independently with own ID. When SOS is generated each pendant will activate the three SMS Alert Tel No pre-programmed on base unit as well as up to five pre-programmed Alarm Telephone Numbers for Voice communications. **Guardian A10** will dial each number one by one 3 times until one of the No is answered.

Guardian A10 can also be programmed up to 4 watchdog zones with preprogrammed messages for monitoring the activities of daily living. e.g., "Mum did not go to bathroom till now", "Dad has not gone to kitchen till now" etc. When the wireless PIR detectors not activated within preset time in these zones then the **Guardian A10** will send SMS message to up to 3 pre-programmed Tel No as well as it calls the pre-programmed Alarm voice Tel Numbers for voice communication.

If required Medicine Alert reminder time with loud buzzing alert sound on the main unit can be programmed on **Guardian A10** for alerting up to four times a day.

Guardian A10 will also sends SMS Alert when the AC Power OFF more then 30 minutes as well as AC Power ON Notification after power being OFF 30 minutes. Low Battery SMS Alert for battery back up also send to designated Tel No.

Guardian A10 supports optional wide range of wireless Alarm detectors such as Smoke, Gas, Intruder. Strobe Siren can also be added for alerting purpose. Additional stand alone Wireless Panic buttons can also be fitted as many as places in the house to activate alarm. Depending on the building the coverage usually around 100 meters between wireless transmitters and main unit.

Standard package includes; Main unit, One water proof pendant, Built in Battery, DC Wall plug charger and user manual. No SIM card supplied.

Optional Wireless items, Maximum 7; 4 x Watchdog zones, 3 x 24 hr zones, if the all pendants and wireless panic buttons are not used then 6 x 24 hrs zones; PIR Motion detector, Smoke detector, Gas Leakage detector, Fixed panic button, Water Leakage detector, window/door detector. Also available optional Siren and External Antenna to improve transmission on the unit.
